DIRECTOR OF CENTRAL INTELLIGENCE  
**Security Committee**

SECOM-D-105

9 May 1984

MEMORANDUM FOR Deputy Director, Intelligence Community Staff

25X1 FROM:

[REDACTED]

Chairman

SUBJECT: Congressional Inquiry on Physical Security Matter [REDACTED]

25X1

25X1 1. [REDACTED] the CIA member of SECOM's Physical Security Working Group, was called last week by Debbie Sussman, who works for Rep. Harold Rogers of Kentucky, a member of the House Appropriations Committee. Ms. Sussman advised that the Sargent & Greenleaf Co., which manufactures combination locks for the U.S. Government, is in Rep. Rogers' district. S&G is in the process of developing a combination lock which resists hostile efforts to open it through the use of radiography, and has sought Rep. Rogers' support. Ms. Sussman asked whether there is, in fact, a need in the U.S. Government for a combination lock that is superior to current models in resisting manipulation through the use of x-rays. [REDACTED]

[REDACTED]

25X1 3. [REDACTED] suggested that it might be better to have SECOM respond to the inquiry instead of a single agency. After consulting [REDACTED] I  
25X1 drafted the attached letter as a proposed response. Your approval to send the  
25X1 letter is requested. [REDACTED]
